Updated slides attached. I was not sure how you'd like to address Rick's comment on dinotefuran on kiwi (slide 26). I'm not sure why Bo added this but I could reach out to him and ask if you'd like.

Yes, only to slides 26 – the registration actions slide, and 28, timeline, so it looks like they can be made pretty quickly/easily. Just send me the updated slides so we can turn them around as soon as possible.

Thanks!

Dana,

I'm not sure what changes Rick to each slide, did he only make comments on 27 and 28 then I'd want to send him our current version (w/o talking point)? We'd only need to make three changes:

- Slide 17: add "annual" to "Reduce [annual] maximum application rates"
- Slide 28: as Rick noted update September briefing to "October"
- Rick made several comments on the slide Bo put together, "additional pending registration actions" however is fine.
